SUN  
& SOUL  
For the important things in life

# GOOD FOR THE SOUL

## More fun, more balance.

A vibrant, fulfilling life is one with balance; a blend of health and well-being mixed with plenty of laughter and fun.

And we're here to help you achieve exactly that.

Our spas represent an opportunity to relax your mind, body and soul. To unwind after a long day, breathe in the fresh air, enjoy the restorative powers of water, and soak up the sun's natural energy.

But a stronger connection to your environment is only half the equation.

The connection you share with the special people in your life is every bit as important.

So, our swim spas are also a place to nurture those bonds. To splash about with the kids and spend quality time with your significant other; to share stories with old friends, and make fresh memories with new ones.

The result? Richer relationships, a healthier body, and a better mindset – because fun is good for the SOUL.

DESIGNED FOR FUN,  
BUILT TO LAST,  
INSULATED  
TO COST LESS.

---

The Sun & Soul™ Collection combines our experience in high-quality spa design with the aim of making a spa and swim spa that can create both fun and relaxing environment for you, your family, and your friends.

---

# FAMILY SEATING LAYOUT

Comfortable open seats are designed to allow easier play, while varying seat heights provide options for all heights for all of your family and friends.

# LIGHTING UP YOUR LAUGHTER

Multicolour LED lighting brings  
your spa and garden to life  
at night.

# INSULATED TO COST LESS

Multi-layered insulation helps keep heat in and energy cost down.

Heat pump ready control pack and plumbing means our spas and swim spas can run efficiently on the energy source you choose.

# EASY WATER CARE

Wide mouth filtration designed to keep water in peak condition. An automatic Ozone system supports water sanitisation and clarity which reduces chemical dependency to further reduce running cost.

# SOAK IN THE ATMOSPHERE

---

Party time or me time, our Audio & WIFI upgrade option lets you control your spa from your phone to create the atmosphere for every occasion.
